## *The Articulate Advocate:* *Persuasive Skills for Lawyers in Trials, Appeals,* *Arbitrations, and Motions*

By Brian K. Johnson and Marsha Hunter

Knowing *what* to say as an advocate doesn't matter unless you know *how* to say it persuasively.

Johnson & Hunter's innovative techniques, based on more than 30 years of experience coaching practitioners, use cutting-edge discoveries in linguistics, human factors, neuroscience, gesture studies, cognitive and sports psychology. *The Articulate Advocate* provides immediately useful answers to common questions about channeling adrenaline, talking too fast, and remembering everything you need to say as you grab and hold your judge's or jury's attention.

"This book is an essential part of the tool kit for anyone who really wants to be a skilled advocate. It is an investment in you, your career, and your clients."

— Jami Wintz McKeon  
Chair, Morgan Lewis

"*The Articulate Advocate* remains the single must-have manual on courtroom speaking. Both seasoned and new litigators will benefit from reading it and practicing Johnson and Hunter's tested techniques. It changed my entire approach to trial and it will do the same for you."

## *The Articulate Attorney:* *Public Speaking for Lawyers*

By Brian K. Johnson and Marsha Hunter

Whether you speak frequently to groups, or tremble in fear at the rare opportunity to do so, *The Articulate Attorney* will make you a more compelling communicator.

Discover how to channel nervous energy into dynamic delivery and learn the best way to remember what you want to say. Learn to think in silence to eliminate thinking noises such as *um*. Understand why gesturing is so important. These techniques will transform you into a more confident speaker, whether addressing colleagues in a conference room, counseling clients in a boardroom, or presenting a CLE in a ballroom.

"Even strong speakers at ease in front of any crowd will likely pick up some useful pointers from this book... Your palms may still get a bit sweaty, but with Johnson and Hunter's advice, your speech and gestures should be much more fluid, your audience more appreciative."

— Susan Azyndar  
American Association of Law Libraries, Spectrum Blog

"This book should definitely be one of the most read, re-read, and earmarked books on a lawyer's bookshelf."
